DRIFTING
WINES

SEEK THE UNKNOWN

Acres and acres of gorgeous vineyards, basking in the warm sunshine, waft in the cool afternoon and evening breezes. Saunter into them and feel the fertile sandy loam soil beneath your feet. When our winemaker, Steven M, first traveled to Lodi and saw the vineyards, felt the sunshine on his face and tread on the powdery loam, he closed his eyes and allowed his thoughts to drift – some might say he had an out-of-body experience. Steven felt compelled to capture the carefree feeling he had that day – when his mind drifted above the fray – in every bottle of his wine. But what to call his magnificent creation? DRIFTING WINES, of course.

Close your eyes. Let your mind wander.
